"When I first met Joanne, she immediately put me at ease. She is so down to earth and friendly. She really made everything incredibly easy for me! After we got numerous offers, she helped me go over them ... the whole process was seamless! I would absolutely recommend her as a real estate agent to anyone I know looking for one! ...I knew she really wanted me to get this house that I loved and she was not going to be happy until I got it. That's when you know you have a dedicated realtor. "
